

“And I am certain that God, who began the good work within you, will continue his work until it is finally finished on the day when Christ Jesus returns.”

Philippians 1:6

## 35 YEARS OF IMPACT

In 1989, New Hope Center was born. From day one, our mission has been to glorify God by demonstrating the love of Christ to all, ministering to the family as a whole, and meeting the physical, emotional and spiritual needs of those who are served while upholding the sanctity of all human life.

For 35 years, we have witnessed miracles, hearts changed, babies saved, families strengthened, lives transformed and God’s kingdom expanded. From the moment those facing an unplanned pregnancy come through our doors, we provide hope by helping with emotional, material and spiritual support.

What kind of impact have we made since 1989? We have served nearly 15,000 moms and dads. Altogether, we have provided over 175,000 services and given out more than 1,000,000 diapers and 350,000 other material items. Over 100 clients have made professions of faith, 17 of which have been made this year! We have taught sexual risk avoidance programs to around 130,000 middle and high school students. 11 moms have courageously chosen to make adoption plans and 2 of these plans were finalized this year. *We have also provided over 2,143 ultrasounds.*

This month, we are so excited to have *four new ultrasound machines* to take the very first pictures of babies. Over the years, 87% of abortion-minded women who’ve come to us have chosen life after their ultrasound. These are not just numbers, but lives that have been saved and changed by the hope that changes everything.

New Hope Center’s impact is ongoing and spreads beyond the walls of our centers. As a result of over 2,000 confirmed births, babies are celebrating their first birthdays, toddlers are discovering the world around them, teenagers are learning to drive, students are enrolling in college and adults are serving as first responders, social workers, nurses, teachers, business owners and in our nation’s military. Others are Sunday School teachers, school volunteers, church ministry leaders and your neighbors and friends. Some are now parents, like Brooke, our very first New Hope Center baby. She is a mother of two beautiful children, and she is a social worker helping with resources for cancer patients and their families. She recently told us, *“I’m so grateful that New Hope Center gave hope to my mom at a time when she needed it. If not, I probably wouldn’t be here and neither would my kids.”*

But we cannot sit back and rest on the success of the past 35 years. We have more work to do. In January, the beginning of our 36th year, we will be opening our Vevay, Indiana center. **If we are the first place women turn when facing an unplanned pregnancy, we have an opportunity to make abortion unthinkable, one person at a time.** Every life matters and we need your support now more than ever.

You are reading this for a reason – not a random reason. This is your invitation to make an impact today and on the next generation. Will you link arms with us to make a life-saving, family-strengthening and Kingdom-building impact by supporting New Hope Center with your financial support, time and talents? God is up to something big – we can feel it and we’re excited about the new year ahead! Together we can make our world a better place by the impact we make for life today.

Christmas Blessings,

Karen S. Class  
Executive Director

**Hope Changes Everything.**

## Elizabeth's Story

Elizabeth was assaulted by a coworker, which resulted in pregnancy. She determined that abortion was her only option and went to Planned Parenthood, but they were closed.

She searched online for abortion information and New Hope Center popped up, so she scheduled an appointment with us. When she heard her baby's heartbeat during her ultrasound, she couldn't help but smile. After seeing her baby on the ultrasound screen and hearing about all of her options, Elizabeth courageously decided to make an adoption plan for her baby. We connected her with *Adoption Professionals*, where she was able to choose an adoptive family for her baby. She took New Hope Center mentoring classes to learn all about her pregnancy and what to expect. She has since finished her classes and the adoption proceedings are complete.

Adoption is a brave and compassionate choice that gives the birth mom, her baby and the adoptive parents the hope of a bright future. Elizabeth is on her journey to healing and New Hope Center is providing ongoing support.

**Hope Changes Everything.**

## Will you help us finish 2024 strong with a Christmas Gift?

We have some big Christmas wishes this year. We are inviting you to join us in offering our clients hope, help and healing throughout the coming year. When you support New Hope Center through your prayers, your time and your financial contributions, you are blessed with the opportunity to share in the life-saving and family-strengthening miracles that are occurring every day in our centers.

Not everyone who says they are pro-life does something about it, but with your financial support, many babies can be given life and hope in the New Year. Will you please consider a Christmas donation that will help our ministry and mission for the New Year? Enclosed is a return envelope for your convenience. You can also call or donate online at [givingforhope.com](http://givingforhope.com).

Thank you for considering this request. Christmas blessings to you and yours!

## Showing LIFE more clearly

Jenna Hughes BSN, RN Nurse Manager

Performing ultrasounds at New Hope Center is so much more than a job; it is one of my greatest joys. It is a blessing to be the first person to introduce moms to their babies. When the bright image of life in the womb floods the dimly lit ultrasound room, it has the power to change hearts and minds.

*“For you formed my inward parts; you knitted me together in my mother’s womb. I praise you, for I am fearfully and wonderfully made.”*  
Psalm 139:13-14

Our old machines did an amazing job at imaging the heartbeat of babies as small as a grain of rice (around 6 weeks), all the way up to babies nearing the end of the second trimester; however, technology has advanced.

Through generous donors like you, we’ve been able to purchase four new and more advanced ultrasound machines. With

these new machines, our clients get to see a clearer image of the life God is knitting together in their womb. When it comes to performing ultrasounds for women facing unplanned (and sometimes unwanted) pregnancies, the clarity of the image can mean the difference between a decision to abort and a decision to carry to term.

God has blessed us with a qualified and compassionate medical staff trained to perform ultrasounds every day of the week at our Crestview Hills and Covington locations, and as needed at our Falmouth and Vevay locations.

Thank you, supporters, for your heart for the unborn and for joining us in God’s work here at New Hope Center.

## Team Building in Vevay, Indiana

At New Hope Center, we’ve been praying for God to build a strong staff for our soon-to-open Vevay, Indiana center, and He has been answering in amazing ways!

Brianne Swango (left) has been hired as Center Director. Brianne is a licensed mental health therapist with a “full-circle” story. Her mother became pregnant with her due to rape, but with the support of Brianne’s grandmother, she bravely chose life, and Brianne is now a part of our life-saving ministry.

Tasha Rose (center) has been hired for our Client Support position. Tasha has a degree in Human Services and has always had a heart to serve families. She saw a real need in Vevay, where women with unexpected pregnancies have no support or resources. When Tasha heard Linda Gray, our founder, speak about New Hope Center at a festival, she felt God calling her to join our mission.

Jill Porten (right) our nurse in Vevay, also heard Linda speak and immediately felt a calling to join us. Jill brings many years of experience with her as a nurse and case manager and will make a great addition to this team!

Many thanks to Linda Gray for being instrumental in finding and encouraging these women to fill important roles at our Vevay center. We are blessed and excited to watch as God continues to build His team in Vevay.

## Our 2025 Father Daughter dances are in the works!

### MARK YOUR CALENDARS:

**K-5th Grade: Fri., 2/21 & Sat., 2/22 • 6th-12th Grade: Fri., 3/07 & Sat., 3/08**

It’s the most wonderful time of the year at New Hope Center – it’s Father Daughter Dance planning time! Are you a crafty person, love working on group projects, want to have a bunch of fun? Then come join us as we make decorations, prepare crafts for the daughters and their special person, and work on the many other details that have

made these dances memorable for hundreds of guests over the last years. No experience needed. We will provide all instructions and supplies. Projects begin in early January. We are looking for both individuals and groups. For more details or if you or your small group is interested in volunteering, please contact Marla Specht at [mspecht@newhopecenter.com](mailto:mspecht@newhopecenter.com) or 859-341-0767, ext. 11.
